Number 37

Monday, March 9, 2020

The House was called to order by the Speaker at 10:30 a.m.

## Prayer

The following prayer was offered by the Reverend Bernard E. Hudson of Arnett Chapel AME Church of Quincy, upon invitation of Rep. Alexander:

Most gracious and eternal God, the giver and sustainer of life, the maker of all things, we come now to pray for our legislators and all that are in this House Chamber. We pray that You would bless them and give them wisdom, strength, and guidance, as they commit themselves to the work that is set before them. Keep them faithful and sustain them through the difficulties of the work You have trusted to their hands. Guide them with Your spirit and give them wisdom as they struggle with the varied and many concerns of this great state. Give them the strength that they need to point the state in a direction of integrity, prosperity, and peace. Grant them the integrity in their planning that the common good may prevail and Your kingdom of righteousness and justice will be affirmed. Give them the patience to carefully listen and make sound decisions.

We also pray for a compassionate heart, that they may feel the cares of the people to do what is right and use the power that they have for the good of all.

We thank You for the freedoms we enjoy but sometimes take for granted. We praise You for the blessings that You have bestowed upon us. Please continue to guide and strengthen our governor and the legislators. Bless this state, bless its residents, and all of its visitors. And protect us, God, as we face the coronavirus. God, at the end of the day, we pray that the work that has been completed may be pleasing in Your sight. It is to You that we owe thanks and praise, now and forever. Amen.

(11) VIRTUAL EDUCATION CONTRIBUTION.—The Legislature may annually provide in the Florida Education Finance Program a virtual education contribution. The amount of the virtual education contribution shall be the difference between the amount per FTE established in the General Appropriations Act for virtual education and the amount per FTE for each district and the Florida Virtual School, which may be calculated by taking the sum of the base FEFP allocation, the discretionary local effort, the state-funded discretionary contribution, the discretionary millage compression supplement, the research-based reading instruction allocation, the salary enhancement allocation ~~the best and brightest teacher and principal~~

allocation, and the instructional materials allocation, and then dividing by the total unweighted FTE. This difference shall be multiplied by the virtual education unweighted FTE for programs and options identified in s. 1002.455 and the Florida Virtual School and its franchises to equal the virtual education contribution and shall be included as a separate allocation in the funding formula.

(18) SALARY ENHANCEMENT ALLOCATION.—The Legislature may annually provide in the Florida Education Finance Program a salary enhancement allocation to assist school districts in their recruitment and retention of classroom teachers and other instructional and educational support staff. The amount of the allocation shall be specified in the General Appropriations Act and shall be allocated to each school district based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment.

(a)1. For fiscal year 2020-2021, each school district shall use its portion of the allocation as specified in the General Appropriations Act to increase the minimum base salary to the maximum amount achievable by the school district's portion of the allocation for a full-time classroom teacher, as defined in s. 1012.01(2)(a), but excluding substitute teachers. The term "minimum base salary" means the annual base salary on the salary schedule for a full-time classroom teacher.

2. For fiscal year 2020-2021, each school district shall use its portion of the allocation as specified in the General Appropriations Act to provide salary and compensation related enhancements for full-time classroom teachers, as defined in s. 1012.01(2)(a), but excluding substitute teachers, who did not receive an increase or who received an increase of less than two percent under subparagraph 1.

(b) Beginning with the fiscal year 2021-2022 and thereafter, subject to legislative appropriation, each school district shall use its portion of the allocation as specified in the General Appropriations Act to maintain the increase provided during the prior fiscal year. Any remaining funds shall be used to increase the minimum base salary for a classroom teacher, as defined in s. 1012.01(2)(a), but excluding substitute teachers, by at least 75 percent of the largest salary adjustment made by the school district for a classroom teacher who is rated as highly effective, as determined by the classroom teacher's performance evaluation under s. 1012.34. If a school district has any remaining funds after complying with the 75 percent increase to the minimum base salary, such funds shall be used to provide salary and compensation related enhancements for instructional personnel, as defined in s. 1012.01(2), or educational support employees, as defined in s. 1012.01(6).

(c) Before the distribution of the salary enhancement allocation, each school district shall submit for approval by the Department of Education a proposed distribution plan, in a format prescribed by the department. Annually, by December 1, each school district shall provide a report to the department that includes a detailed summary of how the school district utilized its entire portion of the salary enhancement allocation, the amount of the increase to the minimum base salaries for classroom teachers, and the salary schedule for the prior fiscal year and the fiscal year in which the base salary is increased.

(d) Although district school boards and charter school governing boards are not precluded from bargaining over wages, the salary enhancement allocation must only be used to comply with the requirements of this subsection. ~~THE FLORIDA BEST AND BRIGHTEST TEACHER AND PRINCIPAL ALLOCATION.~~

(a) ~~The Florida Best and Brightest Teacher and Principal Allocation is created to recruit, retain, and recognize classroom teachers and instructional personnel who meet the criteria established in s. 1012.731 and reward principals who meet the criteria established in s. 1012.732. Subject to annual appropriation, each school district shall receive an allocation based on the district's proportionate share of FEEP base funding. The Legislature may specify a minimum allocation for all districts in the General Appropriations Act.~~

(b) ~~From the allocation, each district shall provide the following:~~

- ~~1. A one-time recruitment award, as provided in s. 1012.731(3)(a);~~
- ~~2. A retention award, as provided in s. 1012.731(3)(b); and~~

~~3. A recognition award, as provided in s. 1012.731(3)(c) from the remaining balance of the appropriation after the payment of all other awards authorized under ss. 1012.731 and 1012.732.~~

~~(c) From the allocation, each district shall provide eligible principals an award as provided in s. 1012.732(3).~~

~~If a district's calculated awards exceed the allocation, the district may prorate the awards.~~

Section 9. Paragraph (c) of subsection (1) of section 1012.22, Florida Statutes, is amended to read:

1012.22 Public school personnel; powers and duties of the district school board.—The district school board shall:

(1) Designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees as follows, subject to the requirements of this chapter:

(c) Compensation and salary schedules.—

1. Definitions.—As used in this paragraph:

a. "Adjustment" means an addition to the base salary schedule that is not a bonus and becomes part of the employee's permanent base salary and shall be considered compensation under s. 121.021(22).

b. "Grandfathered salary schedule" means the salary schedule or schedules adopted by a district school board before July 1, 2014, pursuant to subparagraph 4.

c. "Instructional personnel" means instructional personnel as defined in s. 1012.01(2)(a)-(d), excluding substitute teachers.

d. "Performance salary schedule" means the salary schedule or schedules adopted by a district school board pursuant to subparagraph 5.

e. "Salary schedule" means the schedule or schedules used to provide the base salary for district school board personnel.

f. "School administrator" means a school administrator as defined in s. 1012.01(3)(c).

g. "Supplement" means an annual addition to the base salary for the term of the negotiated supplement as long as the employee continues his or her employment for the purpose of the supplement. A supplement does not become part of the employee's continuing base salary but shall be considered compensation under s. 121.021(22).

2. Cost-of-living adjustment.—A district school board may provide a cost-of-living salary adjustment if the adjustment:

a. Does not discriminate among comparable classes of employees based upon the salary schedule under which they are compensated.

b. Does not exceed 50 percent of the annual adjustment provided to instructional personnel rated as effective.

3. Advanced degrees.—A district school board may not use advanced degrees in setting a salary schedule for instructional personnel or school administrators hired on or after July 1, 2011, unless the advanced degree is held in the individual's area of certification and is only a salary supplement.

4. Grandfathered salary schedule.—

a. The district school board shall adopt a salary schedule or salary schedules to be used as the basis for paying all school employees hired before July 1, 2014. Instructional personnel on annual contract as of July 1, 2014, shall be placed on the performance salary schedule adopted under subparagraph 5. Instructional personnel on continuing contract or professional service contract may opt into the performance salary schedule if the employee relinquishes such contract and agrees to be employed on an annual contract under s. 1012.335. Such an employee shall be placed on the performance salary schedule and may not return to continuing contract or professional service contract status. Any employee who opts into the performance salary schedule may not return to the grandfathered salary schedule.

b. In determining the grandfathered salary schedule for instructional personnel, a district school board must base a portion of each employee's compensation upon performance demonstrated under s. 1012.34 and shall provide differentiated pay for both instructional personnel and school administrators based upon district-determined factors, including, but not limited to, additional responsibilities, school demographics, critical shortage areas, and level of job performance difficulties.

5. Performance salary schedule.—By July 1, 2014, the district school board shall adopt a performance salary schedule that provides annual salary adjustments for instructional personnel and school administrators based upon performance determined under s. 1012.34. Employees hired on or after July 1, 2014, or employees who choose to move from the grandfathered salary schedule to the performance salary schedule shall be compensated pursuant to the performance salary schedule once they have received the appropriate performance evaluation for this purpose.

a. Base salary.—The base salary shall be established as follows:

(I) The base salary for instructional personnel or school administrators who opt into the performance salary schedule shall be the salary paid in the prior year, including adjustments only.

(II) Beginning July 1, 2014, instructional personnel or school administrators new to the district, returning to the district after a break in service without an authorized leave of absence, or appointed for the first time to a position in the district in the capacity of instructional personnel or school administrator shall be placed on the performance salary schedule.

b. Salary adjustments.—Salary adjustments for highly effective or effective performance shall be established as follows:

(I) The annual salary adjustment under the performance salary schedule for an employee rated as highly effective must be 25 percent greater than the highest annual salary adjustment available to an employee of the same classification through any other salary schedule adopted by the district.

(II) The annual salary adjustment under the performance salary schedule for an employee rated as effective must be equal to at least 50 percent and no more than 75 percent of the annual adjustment provided for a highly effective employee of the same classification.

(III) The performance salary schedule shall not provide an annual salary adjustment for an employee who receives a rating other than highly effective or effective for the year.

c. Salary supplements.—In addition to the salary adjustments, each district school board shall provide for salary supplements for activities that must include, but are not limited to:

(I) Assignment to a Title I eligible school.

(II) Assignment to a school that earned a grade of "F" or three consecutive grades of "D" pursuant to s. 1008.34 such that the supplement remains in force for at least 1 year following improved performance in that school.

(III) Certification and teaching in critical teacher shortage areas. Statewide critical teacher shortage areas shall be identified by the State Board of Education under s. 1012.07. However, the district school board may identify other areas of critical shortage within the school district for purposes of this sub-subparagraph and may remove areas identified by the state board which do not apply within the school district.

(IV) Assignment of additional academic responsibilities.

If budget constraints in any given year limit a district school board's ability to fully fund all adopted salary schedules, the performance salary schedule shall not be reduced on the basis of total cost or the value of individual awards in a manner that is proportionally greater than reductions to any other salary schedules adopted by the district.

**HJR 369**—A joint resolution proposing an amendment to Section 4 of Article VII and the creation of a new section in Article XII of the State Constitution to increase the period of time during which the accrued benefit from specified limitations on homestead property tax assessments may be transferred from a prior homestead to a new homestead and to provide an effective date.

Be It Resolved by the Legislature of the State of Florida:

That the following amendment to Section 4 of Article VII and the creation of a new section in Article XII of the State Constitution are agreed to and shall be submitted to the electors of this state for approval or rejection at the next general election or at an earlier special election specifically authorized by law for that purpose:

#### ARTICLE VII FINANCE AND TAXATION

##### SECTION 4. Taxation; assessments.—

By general law regulations shall be prescribed which shall secure a just valuation of all property for ad valorem taxation, provided:

(a) Agricultural land, land producing high water recharge to Florida's aquifers, or land used exclusively for noncommercial recreational purposes may be classified by general law and assessed solely on the basis of character or use.

(b) As provided by general law and subject to conditions, limitations, and reasonable definitions specified therein, land used for conservation purposes shall be classified by general law and assessed solely on the basis of character or use.

(c) Pursuant to general law tangible personal property held for sale as stock in trade and livestock may be valued for taxation at a specified percentage of its value, may be classified for tax purposes, or may be exempted from taxation.

(d) All persons entitled to a homestead exemption under Section 6 of this Article shall have their homestead assessed at just value as of January 1 of the

year following the effective date of this amendment. This assessment shall change only as provided in this subsection.

(1) Assessments subject to this subsection shall be changed annually on January 1st of each year; but those changes in assessments shall not exceed the lower of the following:

a. Three percent (3%) of the assessment for the prior year.

b. The percent change in the Consumer Price Index for all urban consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

(2) No assessment shall exceed just value.

(3) After any change of ownership, as provided by general law, homestead property shall be assessed at just value as of January 1 of the following year, unless the provisions of paragraph (8) apply. Thereafter, the homestead shall be assessed as provided in this subsection.

(4) New homestead property shall be assessed at just value as of January 1st of the year following the establishment of the homestead, unless the provisions of paragraph (8) apply. That assessment shall only change as provided in this subsection.

(5) Changes, additions, reductions, or improvements to homestead property shall be assessed as provided for by general law; provided, however, after the adjustment for any change, addition, reduction, or improvement, the property shall be assessed as provided in this subsection.

(6) In the event of a termination of homestead status, the property shall be assessed as provided by general law.

(7) The provisions of this amendment are severable. If any of the provisions of this amendment shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any remaining provisions of this amendment.

(8)

a. A person who establishes a new homestead as of January 1, ~~2000, or January 1 of any subsequent year~~ and who has received a homestead exemption pursuant to Section 6 of this Article as of January 1 of any ~~either~~ of the ~~three~~ two years immediately preceding the establishment of the new homestead is entitled to have the new homestead assessed at less than just value. ~~If this revision is approved in January of 2008, a person who establishes a new homestead as of January 1, 2008, is entitled to have the new homestead assessed at less than just value only if that person received a homestead exemption on January 1, 2007.~~ The assessed value of the newly established homestead shall be determined as follows:

1. If the just value of the new homestead is greater than or equal to the just value of the prior homestead as of January 1 of the year in which the prior homestead was abandoned, the assessed value of the new homestead shall be the just value of the new homestead minus an amount equal to the lesser of \$500,000 or the difference between the just value and the assessed value of the prior homestead as of January 1 of the year in which the prior homestead was abandoned. Thereafter, the homestead shall be assessed as provided in this subsection.

2. If the just value of the new homestead is less than the just value of the prior homestead as of January 1 of the year in which the prior homestead was abandoned, the assessed value of the new homestead shall be equal to the just value of the new homestead divided by the just value of the prior homestead and multiplied by the assessed value of the prior homestead. However, if the difference between the just value of the new homestead and the assessed value of the new homestead calculated pursuant to this sub-subparagraph is greater than \$500,000, the assessed value of the new homestead shall be increased so that the difference between the just value and the assessed value equals \$500,000. Thereafter, the homestead shall be assessed as provided in this subsection.

b. By general law and subject to conditions specified therein, the legislature shall provide for application of this paragraph to property owned by more than one person.

(c) The legislature may, by general law, for assessment purposes and subject to the provisions of this subsection, allow counties and municipalities to authorize by ordinance that historic property may be assessed solely on the basis of character or use. Such character or use assessment shall apply only to

the jurisdiction adopting the ordinance. The requirements for eligible properties must be specified by general law.

(f) A county may, in the manner prescribed by general law, provide for a reduction in the assessed value of homestead property to the extent of any increase in the assessed value of that property which results from the construction or reconstruction of the property for the purpose of providing living quarters for one or more natural or adoptive grandparents or parents of the owner of the property or of the owner's spouse if at least one of the grandparents or parents for whom the living quarters are provided is 62 years of age or older. Such a reduction may not exceed the lesser of the following:

(1) The increase in assessed value resulting from construction or reconstruction of the property.

(2) Twenty percent of the total assessed value of the property as improved.

(g) For all levies other than school district levies, assessments of residential real property, as defined by general law, which contains nine units or fewer and which is not subject to the assessment limitations set forth in subsections (a) through (d) shall change only as provided in this subsection.

(1) Assessments subject to this subsection shall be changed annually on the date of assessment provided by law; but those changes in assessments shall not exceed ten percent (10%) of the assessment for the prior year.

(2) No assessment shall exceed just value.

(3) After a change of ownership or control, as defined by general law, including any change of ownership of a legal entity that owns the property, such property shall be assessed at just value as of the next assessment date. Thereafter, such property shall be assessed as provided in this subsection.

(4) Changes, additions, reductions, or improvements to such property shall be assessed as provided for by general law; however, after the adjustment for any change, addition, reduction, or improvement, the property shall be assessed as provided in this subsection.

(h) For all levies other than school district levies, assessments of real property that is not subject to the assessment limitations set forth in subsections (a) through (d) and (g) shall change only as provided in this subsection.

(1) Assessments subject to this subsection shall be changed annually on the date of assessment provided by law; but those changes in assessments shall not exceed ten percent (10%) of the assessment for the prior year.

(2) No assessment shall exceed just value.

(3) The legislature must provide that such property shall be assessed at just value as of the next assessment date after a qualifying improvement, as defined by general law, is made to such property. Thereafter, such property shall be assessed as provided in this subsection.

(4) The legislature may provide that such property shall be assessed at just value as of the next assessment date after a change of ownership or control, as defined by general law, including any change of ownership of the legal entity that owns the property. Thereafter, such property shall be assessed as provided in this subsection.

(5) Changes, additions, reductions, or improvements to such property shall be assessed as provided for by general law; however, after the adjustment for any change, addition, reduction, or improvement, the property shall be assessed as provided in this subsection.

(i) The legislature, by general law and subject to conditions specified therein, may prohibit the consideration of the following in the determination of the assessed value of real property:

(1) Any change or improvement to real property used for residential purposes made to improve the property's resistance to wind damage.

(j)
